Are writers the only one who could save you?

The world is stuck in an endless loop.

All the people in this world is a stranger to you. As a player, you are here in this dashing world for just a short moment. If you could find the chatty and high-pitched writer, he or she holds the key towards the exit of this endless loop dimension.

If you cannot find the writer within 24 hours, you will end up becoming one of the millions of stupid strangers stuck in this dimension.  
**Good Luck.**
